

Rubble Bucket alone also available.

## MINI RUBBLE BUCKET WITH GRAPPLE

The Digga Mini Rubble Bucket is designed for site clean up, ground levelling and sifting out debris.

### Features:

- Allows dirt to be sifted removing rocks, bricks, and foreign materials.
- Ideal for preparing rocky soil making light work of the most difficult site conditions.
- 2 models available 800mm and 1200mm.

### GRAPPLE ATTACHMENT

Hydraulically operated the grapple is fitted to a rock bucket to provide a grabbing arm to trap and contain debris.

### Grapple Features:

- Hydraulic Grapple attaches to the Mini Rubble Bucket.
- More effective to carry material.
- Grapple suit both models of the Rubble Bucket.

### Ideal Use:

Clearing Construction Sites, Sifting Debris and much more.

### Machine Suitability:

Mini Machines and Mini Loaders.

Rock Bucket and Rock Bucket with Grapple also available for Skid Steer Loaders and Tractors
